# BEEF IS CHEAPER

Local Price Is Reduced-Striped Bass Is Very Scarce-Fish Market Weak.

With the reduction made yesterday, the market is lower than it over has been before. Prime home-grown ateers are selling at 612 cents a pound, while helfers are quoted down at My. This is said to be due to the plentiful quantity in which beef is coming in, but it is also partly accounted for by the fact that trade has been very dull for the meat markets for some time past.

Some further upward tendencies were noticed in the fruit and vegetable markets yesterday. They took no tangible form, as those changes that were made were only temporary, and the retail prices have not been affected. The week opened with

the weather and the lack of any states features.

No striped bass came in yesterday, which made a noticeable gap in the flan market. This variety has been scaree for some time past, and one consignments that came in from the East have not flied the orders. Utah lake bass has not been at all plentiful this season. Generally there is just enough to fill the demand, but this year the demand has been for in excess of the supply.

Northwest and the wheat market of the country, and of the sensational jump in the price of wheat, the early firmness of the grain carriers gave way in the latter part of the day under rather free offerings. The influence of one or two strong spots in the trading had, meantime, passed away.

Sugar rose with sustaining effect on the list from the belief that a large fruit crop would make a large demand from the canaling industries. Metropolitan Street Rajiway's advance was due to the off-revived rumors of a combination with the interborough Rapid Transil. The cancellation of the engagement of \$2,20,000 gold for shipment to London was of some sentimental benefit. This action was without any effect in the money market and was taken without any relaxation in the exchange market from the condition when the engagement was made.

The weakness of the from and steel stocks was traceable to the accusation made against the Republican from and Steel company of converting iron into steel billets for the Pittsburg Steel company at prices that made the operation equivalent to a cut of \$1 per ion in the good's price for steel billets. Reports of special meetings of the steel pool to be held this week to consider the situation and ascertions that disruption of the pool and an open market for steel products would result, brought a pressure upon United States Steel preferred which cost it a loss of almost Pig points.

Weekly traffic reviews by railroad offi-Grain and Provisions.

NEW YORK Aug. 8.—Stocks proved unable to withstand the effect of the sensational wheat market foday, although there was sturdy resistance early. Danger of a rupture of the steel billet pool and an open market for inished steel products was another shadow upon the market, and its effect upon United States Steel preferred gave it a strong sympathetic influence on the whole list.

There was some early disposition manifest to make light of the alleged harm to spring wheat and to point out a possible connection between many of the alarming reports of disaster and the furious speculation which is, going on in the wheat market. There was no inclination to be little the seriousness of the situation to the business future if the damage reports should prove well founded, but it was urged that it was worth while for security holders to wait for the Government estimate to be published on Wednesday to secure an impartial judgment on what harm has actually been done.

In face of the field of the situation to secure an impartial judgment on what harm has actually been done.

In face of the flood of damage reports that poured into Wall street from the

cials were of a favorable and hopeful tenor, and the later recovery in the stock market reflected a cheerful undertone in the speculation. The closing, however,

he speculation. The closing, however, was heavy.

Bonds were irregular. Total sales, par raine, \$2,22,000. United States bonds were unchanged on call. RANGE OF THE LEADING FUTURES.

Dated Aug. 2, 1994.

Dated Aug. 2, 1904. B. L. BROWN, President.

## Not Fatal.

No Matter What Doc-tors Say—We Know That Heart Trouble in Many Cases Can Be Cured.

There are seven main features of heart disease, viz.: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disorder; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

Documentary evidence will prove thousands of so-called "incurables" have been absolutely cured by Dr. Miles' New Heart Cure. Patients often have no idea their dis-

ense is heart trouble, but ascribe it to Indigestion, Liver Complaint, etc. Here are some of the symptoms: Shoriness of breath after exercise. Smothering Spells. Pain in Chest, left Shoulder and arm. Discomfort in Lying

on one side. Fainting Spells. Nervous Cough. Swelling of Feet and Ankles. Paleness of Face and Lips. Palpitation. Nightmare. Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk one block." One year later.—'I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than you claimed it to be."—S. D. YOUNG, D. D., 657 North Pine St., Natchez, Miss.
